

**The Earth is suffering from human beings' bad attitude and savage behaviours so she complains to the five adventurers to help and support her.**

**Title: *The Land of the Five Adventurers* – Mission: Save the Environment**

**The Story:**

**The five adventurers (each with a special skill) come together to face the environmental challenges threatening the Earth.**

- ❑ **Sherif:** Technology expert, uses innovations in recycling.
- ❑ **Ahmad:** Nature lover, understands plants and animals.
- ❑ **Hagar:** Strong and practical, always implements solutions on the ground.
- ❑ **Eman:** Smart in research and planning, identifies sources of pollution and makes strategies.
- ❑ **Rabab:** Gifted in communication and persuasion, spreads awareness among people.

**The Land of the Adventurers:**

**It is a city/virtual world full of environmental challenges:**

- A polluted river that needs cleaning.
- A forest with cut-down trees that needs reforestation.
- A neighborhood filled with garbage that needs recycling.
- A factory releasing smoke that needs an eco-friendly solution.
- A sea threatened by plastic waste that needs saving marine life.

**The Goal:**

**Spread environmental awareness in a fun way.**

**Plant the idea that “*everyone can be an adventurer*” and help protect the Earth.**
